

Designed to stimulate the six major cognitive areas of the brain:

- 1 REACTION TIME**
Activities targeting speed, accuracy, and automatic responses.
- 2 VISUAL-SPATIAL**
Activities targeting location, position, composition, perspective, and the participant's relationship to his or her environment.
- 3 ATTENTION & CONCENTRATION**
Exercises designed to improve skills in attention and concentration.
- 4 MEMORY**
Help move information through the memory network from short-term through to long-term.
- 5 LANGUAGE**
Activities designed to decrease the frequency of cognitive pauses and increase flexibility and fluency including word retrieval and appropriate usage.
- 6 PROBLEM SOLVING**
More complex activities, requiring the use of the other domains to understand a problem and formulate a solution.

Mind Sharpener™ Program

Help prevent cognitive loss with this
award-winning, 12-week program
designed to provide a comprehensive
workout for your brain.

SeniorsAtHome
Better Care Starts Here

Mind Sharpener™

is an evidence-based program designed for individuals who want to exercise their brain to stay sharp.

Overview

The program is comprised of 24 one-hour sessions, held over the course of 12 weeks. Each session is comprised of fun and engaging activities designed to stimulate the six major cognitive areas of the brain. Sessions take place in-person, in small groups with trained instructors.

Award-Winning Design

The Mind Sharpener™ program, developed by the New England Cognitive Center, has been recognized by the American Society of Aging with the MindAlert award for Mental Fitness Programs.

BY FAR THE QUESTION
WE GET ASKED MOST IS:

What can I do to
keep my brain as
healthy as possible for
as long as possible?

Expert Team

The program will be taught by a team with deep experience in supporting healthy aging and helping older adults maximize their independence, led by Andrea Korsunsky, Director of Care Management at Seniors At Home.

Details and Program Fee

Dates for upcoming groups can be found at seniorsathome.org/mind-sharpener. Program fee is \$299 for the 24-session series.

This program is not for those diagnosed with dementia or cognitive impairment.
